

Master in Urban Planning  
**Analytic Methods: Qualitative  
2024-2025**

Students must take at minimum 2 units in qualitative methods unless able to demonstrate sufficient experience to waive the requirement or pass the waiver exam. It is highly recommended that students enroll in **GSD 5216** unless they are in a dual MPP, MPA, or MPH degree program taking a more advanced course. To postpone this requirement until after the first semester, please sign up for the [Program Director's office hours](#).
